

# Dementia – Three Year Plan

## Have your Say

The Humber and North Yorkshire ICS (Integrated Care System) is a partnership of organisations who are working together to develop a three-year plan for dementia. This three-year plan aims to improve experience and outcomes at all stages of the dementia journey from first recognition of symptoms, right through to end of life care.

We'd love to hear from you about what works and what needs to be better.

You can email completed forms to [nikki.moses@alzheimers.org.uk](mailto:nikki.moses@alzheimers.org.uk) , or post to Alzheimer's Society, Independence House, Millfield Ln, York YO26 6PH. Or if you would prefer to speak to someone, please call 01904 929444, leave your contact details and someone will call you back.

### Accessing Support

Do you have experience of accessing a GP to seek assessment for concerns over changes in your memory or other cognitive changes – If so, what would you change?

If you have not had experience, how would you expect to be supported to talk to someone about concerns you have and what information would you like to be provided with at that time?

## **Dementia Assessment Pathway**

If you have experienced the dementia assessment pathway – what would you change and what would you keep?

If you have not had experience of accessing the dementia assessment pathway, what do you expect and what support and information do you feel you would like to receive at this time?

## **From Diagnosis and onwards**

If you have a diagnosis of dementia or are supporting someone with a dementia diagnosis – what are your experiences of support from point of diagnosis onwards, what would you change and is there anything that you found beneficial?

If you or a loved one were to receive a dementia diagnosis, what would your expectations be of support from point of diagnosis onwards?

## Communication

How do you feel the Humber and North Yorkshire ICS (Integrated Care System) and its partners organisations should communicate the plan to the public and deliver ongoing engagement and information.

Would you like to receive a draft proposal of the final three-year plan to provide feedback?– if so please provide your contact details.

What are your suggestions on how the agreed plan should be communicated?

What have we missed – are there any other questions we should be asking, or do you have other feedback that you would like to share?
